MATHEMATICS ENTHUSIAST

Process-oriented HKUST Maths Student with broad experience in Mathematics-related competitions and activities. Good at applying logical and mathematical thinking to all kinds of problems. Self-motivated to learn and intellectually curious.

EDUCATION BACKGROUND

The Hong Kong University of Science and Technology *2025 – Present*
Mathematics with Extended Major in Artificial Intelligence (expected Jun 2029)

SALEM-Immanuel Lutheran College *2019 – 2025*
SALEM Scholarship (2023–2024)

EXPERIENCE

Academy of Mathematics and System Science, Chinese Academy of Science *Jul 2026 – Aug 2026*
Development and Validation of the CAX Integrated Algorithm Development Platform

AWARD & ACHIEVEMENT

- International Competitions and Assessments for Schools, ICAS (2023–2024)
  - Secondary 5: Principal's Award
  - Secondary 5: Certificate of High Distinction
- Asia International Mathematical Olympiad Open Contest (2022–2023)
  - Senior Secondary Semi-final: Bronze Award

ENRICHMENT ACTIVITIES

- Enrichment Programme for Young Mathematics Talents Summer Class 2023 (Towards Differential Geometry)
- China Aerospace Education Program (2024–2025)
- The Astronomical Training Programme for Secondary Students (2023–2024)

SKILLS & ABILITIES

- Technical Skills: Excel in C language and Python
- Problem Solving: Awarded in 4 science competitions
- Communication: HKUST Science Peer Mentor Program
- Language Skill: English – Professional Working Proficiency; Cantonese – Native; Putonghua – Native
